

How to Install Content Packs

For Windows:

Open Windows Explorer

1. Go into your Program Files x86 in your Hard Drive
2. Find Toontown Rewritten
3. Make a new folder labeled “resources” inside the TTR folder.
4. Move my phase files into the new resources folder that you created.
5. Launch the game.

For Mac OS :

Open Finder

1. Command + Shift + G at the same time
2. Enter “~/Library/Application Support/Toontown Rewritten”
3. Make a new folder titled “resources” inside the TTR folder.
4. Move my phase files into the new resources folder that you created.
5. Launch the game.
